The numeric style

This style prints numeric citations in square brackets. It is similar to the standard bibliographic facilities provided by LaTeX and to the plain.bst style of legacy BibTeX.

\cite examples

```
[5]
[5, p. 59]
See [5]
See [5, pp. 59–63]
```

\parencite examples

```
This is just filler text [5].
This is just filler text [5, p. 59].
This is just filler text [See 5].
This is just filler text [See 5, pp. 59–63].
```

\textcite examples

Goossens, Mittelbach, and Samarin [5] show that this is just filler text. Goossens, Mittelbach, and Samarin [5, p. 59] show that this is just filler text. See Goossens, Mittelbach, and Samarin [5] for more filler text. See Goossens, Mittelbach, and Samarin [5, pp. 59–63] for more filler text.

\supercite examples

This is just filler text.⁵

\autocite examples

This is just filler text [5].

Multiple citations

```
[5, 1, 2, 3, 6, 9, 8]
```
